

# DESK SHARING BAG PREMIUM

## A professional solution for desk sharing

### Application

- Transport of work equipment indoor and outdoor for daily commuting, fieldwork and longer trips
- Secure storage on the go

### Key facts

- Can be completely closed with a zipper
- Sturdy metal feet to protect against dirt and moisture
- Made from 100% recycled PET, surface is water-repellent and wipeable
- For laptop, keyboard, mouse, headset, notebook and much more.
- Absolutely stable, with or without contents
- Practical interior division: two large compartments, five small pockets, one water bottle compartment, and one or three flat elastic bands
- High-quality name tag for personalization
- Optimal size for any standard locker or lockable cabinet
- Easy to transport thanks to two carrying handles and a padded, adjustable shoulder strap made of durable black nylon material

Load
