

// PRODUCT INFORMATION

Product name Glass Board Marker

Product description

The glass board markers with the medium round nib (line width of 2-3 mm) are perfect for writing on white magnetic glass boards. The markers are also suitable for whiteboards and flipcharts and allow fast, colour intensive writing without pumping. The non-permanent, fast-drying ink has good coverage and is easy to wipe off with a dry cloth without leaving any residue. The Cap-Off-Ink offers up to 3 days protection from drying out even with the cap off.

Instructions for use Store horizontally
Replace the lid immediately after use.

Composition Alcohol-based ink. contains solvent, colouring and additives.

Contents 5.2 g

Safety guidelines There is no health risk if the marker is used properly and for its intended purpose.

Irritation after skin contact Wash the skin with soap and water. In general, the product is not irritating to skin.

If ink is swallowed Wash out the mouth thoroughly. If feelings of discomfort persist, see a doctor.

If ink gets in the eye Remove contact lenses. Rinse thoroughly with water until the irritation eases. If feelings of discomfort persist, see a doctor.

Smell Alcoholic smell. If used for its intended purpose, the ink does not release dangerous vapours.

General note

The above information applies to the finished product and the ink it contains (a small amount). The information may not be accurate for larger amounts of ink in bulk containers.
