

// PRODUCT INFORMATION

Product name Glass Board Marker, white

Product description

The glass board markers with the medium round nib (line width of 2-3 mm) are perfect for writing on dark magnetic glass boards, the markers are also suitable for writing on almost all smooth surfaces. The non-permanent, fast-drying ink has good, immediate coverage and is easy to wipe off with a damp or dry cloth.

Instructions for use Store upright
Replace the lid immediately after use.

Composition Ink with chalk pigments
Contents 3.5 g

Safety guidelines

There is no health risk if the marker is used properly and for its intended purpose.

Irritation after skin contact Wash the skin with soap and water.
If ink is swallowed Wash out the mouth thoroughly. If feelings of discomfort persist, see a doctor.
If ink gets in the eye Rinse thoroughly with water until the irritation eases. If feelings of discomfort persist, see a doctor.
Smell If used for its intended purpose, the ink does not release dangerous vapours.

General note

The above information applies to the finished product and the ink it contains (a small amount). The information may not be accurate for larger amounts of ink in bulk containers.
